ARTICULATION AGREEMENTS
updated November 2023

OCAD University has official Articulation Agreements with other Canadian postsecondary institutions that allow students to transfer from a particular program to OCAD University under specific terms and conditions. **Applicants to OCAD University under these agreements must graduate from the sending institution no later than June for fall term (September) start.**

All applications for admission must be made through the Ontario Universities' Application Centre (OUAC) using the appropriate articulation agreement program code. **A portfolio is not required for admission**; however, applicants must meet OCAD U's English prerequisite and language proficiency requirements (if applicable).

Students admitted into these programs receive preapproved transfer credits mostly in studio courses and have the opportunity for additional transfer credits in Arts & Sciences courses (see OCAD U's Transfer Credit Guidelines).
